

Do you repair vehicles for customers?

New laws for the motor vehicle repair industry mean that if you carry out or supervise certain types of repair work you were required to apply for a Repairer's Certificate before March 2008. Most Repair Businesses have to apply for a 'Motor Vehicle Repair Business Licence' as from July 2008.

FREE information sessions are being held across the State.

Sessions have been scheduled for **6pm** on the following dates and locations, however these may be subject to change depending on the circumstances at the time.

Contact Motor Vehicles Branch on 9282 4338 (1300 304 054 for country callers) for further information.
