## SUPPORT FOR YOUR SMALL BUSINESS

Starting and running your own business means dealing with a number of government agencies. Discover who you need to contact and what services they can offer by attending a FREE BizLinks seminar.

Hosted by the Small Business Development Corporation, representatives from key government agencies will outline how they can support you with a range of business activities including:

- researching your idea and potential market
- registering your business name
- applying for an ABN
- registering for GST
- OH&S obligations
- intellectual property rights and ownership
- import and export guidance
- employing staff
- stamp duty and payroll information

Following the brief presentations from each agency, you will have an opportunity to meet face-to-face with any of the representatives to ask questions and seek further advice.
