## Building surveying practitioner (level 1)

Form 29

### Use of this form

This form is to be used by people applying to be registered as building surveying practitioners with the Building Services Board.

In Western Australia the *Building Services (Registration) Act 2011* provides for registration in two classes of building surveyor, building surveying practitioner and building surveying contractor.

There are three levels of building surveying practitioner: level 1, level 2 and technician, and two levels of building surveying contractor: level 1 and level 2.

### Registration as a building surveying practitioner

A registered building surveying practitioner is authorised to sign certificates of design, construction or building compliance under the *Building Act 2011*.

A registered building surveying practitioner may:

- use a prescribed title such as *registered building surveying practitioner*, and
- be a nominated supervisor for a registered building surveying contractor.

When considering an application for registration as a building surveying practitioner the Board considers among other factors, the applicant's qualifications, experience and fitness to be registered.

Registration as a building surveying practitioner does not authorise a person to provide services as a building surveying contractor.

### Level 1

Applicants for registration at level 1 must have a Bachelor of Building Surveying and Certification granted by Central Queensland University, or equivalent qualification and experience in building surveying work.

If you do not have this qualification and experience you may be able to register at level 2 or as a building surveying technician.

A building surveying practitioner level 1 is authorised to certify any type of building or incidental structure.

### Registration as a building surveying contractor

A person, partnership or company must be registered as a building surveying contractor to:

- provide services as a building surveyor;
- issue compliance certificates; or
- use a prescribed title such as *registered building surveying contractor*.

### Registration and application fees

Two fees are payable with this application, a registration fee and a non-refundable application fee.

The application fee is \$112.20

The registration fee is \$927.35 for three years.

GST is not payable on the application or registration fee.

If the Board does not grant your registration, the registration fee will be refunded.

### Registration requirements

To be considered for registration you must:

- provide a complete application including payment of application and registration fees;
- have the required qualifications and experience;
- be a fit and proper person to be registered; and
- comply with any other requirements.

### Complete your application

Your application cannot be processed unless all sections are completed, all attachments provided and fees paid.

### Incomplete applications

The department cannot process incomplete applications. If your application is incomplete at the time of lodgement it will be returned. If your application is later found to be incomplete or is not fully informative, you will be requested to provide outstanding or additional information.
