

Purpose One – Reshape the public sector labour relations framework

- Implementing and informing Government’s reform agenda
- Influencing regulatory reform
- Updating awards and agreements
- Simplifying whole-of-sector workforce policy settings
- Responding to whole-of-sector workforce issues.

Purpose Two – Enable the effective management of labour relations across the public sector

- Representing Government as employer
- Implementing Government’s operational workforce priorities
- Overseeing public sector agreement negotiations
- Supporting public sector employers through tailored advice, education, and advocacy
- Improving workforce practices
- Building public sector industrial relations capability.

2019-2020 Priorities

- Leading the renegotiation of 29 industrial agreements within Wages Policy
- Reviewing the construction and application of public sector regional entitlements
- Supporting the sector in delivering the conversion to permanency commitment
- Scoping options for supporting Schedule One entities to deliver improved workforce practices and outcomes
- Collaborating with central agencies to reduce the use of temporary labour hire arrangements across the public sector
- Streamlining agency practices and simplifying sector-wide PSLR policy settings.
