Use of this form

This form is to be used by people applying to be registered as building practitioners with the Building Services Board. In Western Australia the *Building Services (Registration) Act 2011* provides for registration in two classes of builder, building practitioner and building contractor.

Set 2

Set 2 is the registration pathway for applicants with five years full-time experience in supervising building construction and who are either registered under the *Architects Act 2004*, or who are current members of the:

- Royal Australian Institute of Architects;
- Institution of Engineers, Australia; or
- Australian Institute of Mining and Metallurgy.

If you do not have this current membership or registration and experience you may be able to register under another pathway.

Registration as a building practitioner

A registered building practitioner may:

- use a prescribed title such as registered building practitioner; and
- be a nominated supervisor for a registered building contractor

When considering an application for registration as a building practitioner the Board considers:

- your qualifications and experience;
- your fitness and propriety; and
- any other requirements prescribed by the Building Services (Registration) Regulations 2011.

Registration as a building practitioner does not authorise a person to provide services as a building contractor.

Registration as a building contractor

A person, partnership or company must be registered as a building contractor to:

- be named as a builder on a building permit;
- provide services as a builder for work that requires a building permit, has a value of \$20,000 or more and is located within the area of the Board's jurisdiction; or
- use a prescribed title such as registered building contractor.

Period of registration

If your application is approved, registration is granted for a period of three years.

Registration and application fees

Two fees are payable with this application, a registration fee and a non-refundable application fee.

The registration fee is for three years.

GST is not payable on the application or registration fee.

If the Board does not grant your registration, the registration fee will be refunded.

Registration requirements

To be considered for registration you must:

- provide a complete application including payment of application and registration fees;
- have the required qualifications and experience;
- be a fit and proper person to be registered and;
- comply with any other requirements.

Complete your application

Your application cannot be processed unless all sections are completed, all attachments provided and fees paid.

Incomplete applications

The Department does not accept incomplete applications. If your application is incomplete your application may be lapsed or refused and the application fee may not be refunded.

The Board has no discretion to consider other registrations or memberships under Set 2. If you do not have a current registration or membership listed above please consider another pathway to registration.

Experience Set 2

Applicants under Set 2 must have five years of experience in the building industry working in a supervisory capacity on building projects. This experience is described in the Building Services (Registration) Regulations 2011 as “supervising building construction for periods totalling at least the equivalent of 5 years full-time”. Use the ‘Summary of Employment Experience’, ‘Statement of Building Experience – Part 1’ and ‘Statement of Building Experience – Part 2’ templates to record your experience. Your claims of experience must be verified. You must arrange for your relevant employer/client/contractor to complete the ‘Verification Statement by Employer/Authorised Endorser’.

Building construction

For the purposes of registration, building construction refers to the process or act of constructing a building or part of a building, being a substantial structure with a roof and walls.

Range of experience

An applicant under Set 2 must have experience in a range of building types and stages of the building process and must include examples of as explained in the above definition of building construction.

Supervising building construction

For the purposes of registration, supervising refers to experience supervising building construction for and on behalf of a builder. The supervision must be in the nature of supervising the whole works or a large part of the works and not in the nature of supervising a single trade or group of trades. The supervisor must be in a position to direct, control, accept or reject daily construction work and activities carried out onsite.

Work not included

For registration purposes, building construction does not include civil works such as transmission lines, mining plant, dams, culverts, roads and bridges unless these are incidental structures associated with and ancillary to the construction of a building referenced in the record of experience. Supervision of building construction does not include managing or carrying out of building or construction work or carrying out the preparation for such work. Additionally, it does not include in the case of an owner-builder, supervision of oneself but it can include supervising the work of others.

Five years full-time experience

For registration you must submit your record of experience with a total of at least the equivalent of five years full-time experience in supervising building construction. If you were not working full-time on a project, calculate the portion of your time actually spent in supervising building construction. If you worked overtime, you cannot allow more than one day for each day worked. If you were engaged in building construction as a sub-contractor working for a contractor, you must not include time spent between contracts or leave. If you were engaged in building construction as an employee you can include periods of leave, but you cannot include periods of unemployment.

Professional rate of intensity

All experience claimed is considered in accordance with the Board's policy regarding professional rate of intensity and the minimum amount of projects that it expects to be supervised at any given time. For more information about the Board's policy, go to: www.commerce.wa.gov.au/publications/bsb-policy-building-practitioner-experience-assessments

Documenting your experience

Complete the following:

- Summary of Employment Experience template
- Statement of Building Experience – Part 1
- Statement of Building Experience – Part 2

Verifying your experience

You must have your claims of experience verified by a suitable person, such as:

- your employer; or
- a person in a position to verify your work (i.e. the client or contractor).

Each employer/authorised endorser for whom you have undertaken work must complete the 'Verification Statement by Employer/Authorised Endorser' template. See further 'Verification Statement by Employer/Authorised Endorser' section below.

Not valid as experience

The Board does not recognise experience obtained while performing unlawful work, such as work without a building permit when a building permit was required. All experience must be independently verified. Do not claim experience that is not verified by an employer or other endorser.

Summary of Employment Experience

Complete the Summary of Employment Experience template. This provides an overview of your work experience, detailing who you were working for, the position you held, and the period of employment. This may be experience gained as an employee, as a sub-contractor or as the primary contractor in a direct contract with a client.

Statement of Building Experience – Part 1

Complete a separate Statement of Building Experience – Part 1 for each different employer/client/ contractor you have undertaken work for. Use the Statement of Building Experience – Part 1 to record the projects you have been involved in where you have gained experience supervising building construction.

Statement of Building Experience – Part 2

Complete a separate Statement of Building Experience – Part 2 for each different employer/client/ contractor you have undertaken work for. Use the Statement of Building Experience – Part 2 to provide further detail about your particular role and specific responsibilities while working on each of the projects listed in Part 1. It is important that you detail your role and responsibilities on each project in the same order that you listed the projects in Part 1. (i.e. the project reference numbers in Part 1 must correspond with the same reference numbers in Part 2.)

Verification Statement by Employer/Authorised Endorser

Use the 'Verification Statement by Employer/Authorised Endorser' template to have your claims of experience verified. You must have each different employer/contractor/client complete a separate 'Verification Statement by Employer/Authorised Endorser'.

If it is not practical to obtain verification from a client or contractor, obtain verification from a foreman, supervisor or manager but not a co-worker or subordinate worker.

Form 6: Registration – Building practitioner (Set 2)

Summary of employment experience

How to complete this section:

1. Use the table below to record a summary of your industry experience in supervising building construction. You will need to demonstrate that you have at least the equivalent of five (5) years full-time experience in supervising building construction
2. Complete the 'Statement of Building Experience - Part 1' for each different employer/client/contractor. The 'Statement of Building Experience - Part 1' allows the board to broadly assess the type of projects you were involved in.
3. Then, complete the 'Statement of Building Experience - Part 2'. The 'Statement of Building Experience - Part 2' allows the Board to scrutinise your particular involvement on each project listed in Part 1.
4. Finally all the experience claimed in Part 1 and Part 2 must be verified by the employer/client/contractor for whom you undertook the work. A separate 'Verification Statement' must be completed by each separate employer/client/contractor.
