4. APPLICANT DETAILS
5. POSTAL ADDRESS FOR EVIDENCE OF REGISTRATION
6. DESIGN REGISTRATION DETAILS
7. COMPETENT PERSON DETAILS
8. INSPECTION DETAILS
9. ADDITIONAL PLANT DETAILS
10. TABLE OF PLANT DETAILS

1 APPLICATION FOR REGISTRATION

An application for item of plant registration can be made for a new item of plant, or re-registration of an existing item. The same registration process applies to both types of application. Ensure only one of the boxes is crossed.

1.1 New registration

A person who, at a workplace, is an employer, the main contractor, a self employed person, a person having control of the workplace or a person having control of access to the workplace must ensure that an individual item of plant of a kind set out in Schedule 4.2 is not used at the workplace unless:

- a) the individual item has been registered by the Commissioner or a regulatory authority and the registration is current; and
- b) the person has a copy of the statement referred to in Regulation 4.15(2)(c).

1.2 Re-registration

If an individual item of plant has been registered by the Commissioner or a regulatory authority and:

- a) the plant is altered;
- b) in the case of plant which is fixed plant, the plant is relocated; or
- c) there is a change in the ownership of the plant,

then a person who, at a workplace, is an employer, the main contractor, a self-employed person, a person having control of the workplace or a person having control of access to the workplace must ensure that the plant is not used at the workplace unless the plant is re-registered.

Enter the registration number of the plant and the state or territory in which it was registered.

1.3 Reason for re-registration

Indicate the reason(s) for the re-registration, as outlined in SECTION 1.2 of these Explanatory Notes.

2 PLANT DETAILS

Refer to SECTION 10 for the appropriate plant details. You should contact WorkSafe Customer Service Centre 1300 307 877 for assistance if your plant details are not listed in SECTION 10.

2.1 Kind of plant

Refer to SECTION 10 Kinds of plant (Schedule 4.2).

2.2 Plant type

The plant type is the description used to distinguish the different types of each kind of plant.

Refer to SECTION 10 Plant Type.

Application 101: Explanatory Notes

Registration or Re-registration of an Item of Plant

Regulation 4.15 of the Occupational Safety and Health Regulations 1996
 WorkSafe Western Australia

2.3 Plant description

Include a brief description of the plant if appropriate. This may include the manufacturer model number and model name.

Example:

Hitachi Sumitomo Hydraulic Crawler Crane, Model SCX 2500

2.4 Serial number

Enter the serial number of the plant.

2.5 Manufacturer

Enter the name of the original manufacturer of the plant.

2.6 Year of manufacture

Enter the year in which the plant was originally manufactured.

3 OWNER & PLANT LOCATION DETAILS

The item of plant will be registered to the owner. However, the applicant is responsible for the accuracy of the information in the application (refer to SECTION 4).

3.1 Owner name

The owner must be a legal entity that is either an individual, or a body corporate such as a registered company.

3.2 ACN of owner

Where the owner is a registered company, provide the Australian Company Number (ACN).

3.3 Workplace address

Enter the visiting address of the workplace where the plant is located. For fixed plant, this is the workplace where the plant is physically located. For itinerant plant, this is the workplace where the plant is based, that is, where the plant would normally be when it is out of service.

3.4 Location of plant within the workplace

For fixed plant, enter the physical location of the plant within the workplace.

Example: *Boiler house* or *Workshop*.

For plant that is not fixed at one location, enter "ITINERANT".

4 APPLICANT DETAILS

The item of plant will not be registered to the applicant. It will be registered to the owner (refer to SECTION 3). The applicant is responsible for the accuracy of the information in the application. Any queries concerning the application will be directed to the applicant.

4.1 Name of applicant

The applicant must be a legal entity that is either an individual, or a body corporate such as a registered company.

4.2 ACN of applicant

Where the applicant is a registered company, provide the Australian Company Number (ACN).

4.3 Contact name

A contact name and telephone number should be provided for queries concerning the application.

4.4 Applicant's statement

The applicant, or a representative if the applicant is not an individual, must sign the applicant statement.

5 POSTAL ADDRESS FOR EVIDENCE OF REGISTRATION

5.1 Address

Enter the postal address where the evidence of registration will be sent.

6 DESIGN REGISTRATION DETAILS

All plant set out in Schedule 4.2, exception truck-mounted concrete placing unit with boom, require design registration.

The plant design may have been registered by the Commissioner or a regulatory authority.

6.1 Design registered

Indicate whether or not the plant design has been registered.

6.2 Design registration number

Enter the design registration number of the plant.

6.3 State

Enter the state or territory in which the design was registered.

Application 101: Explanatory Notes

Registration or Re-registration of an Item of Plant

Regulation 4.15 of the Occupational Safety and Health Regulations 1996
 WorkSafe Western Australia

6.4 Design standard

Enter the Standard to which the plant was designed. Include the Standard series number, the part number (if applicable) and the year of publication.

Example: *AS1735.2-2001* or *AS1418.5-2002*

7 COMPETENT PERSON DETAILS

The competent person must have acquired through training, qualification or experience, or a combination of those things, the knowledge and skills required to inspect the item of plant competently.

7.1 Name of competent person

Enter the full name of the competent person.

7.2 ACN of competent person

If applicable, enter the ACN of the competent person.

7.3 Address of competent person

Enter the business mailing address of the competent person.

8 INSPECTION DETAILS

8.1 Address of inspection location

Enter the visiting address of the workplace where the plant was inspected.

8.2 Date of inspection

Enter the date on which the plant was inspected.

8.3 Inspection declaration

The competent person in SECTION 7 may use this application form to provide the statement required by Regulation 4.15(2)(c).

Alternatively, a separate statement may be provided by the competent person if it is to the effect that:

- a) the individual item of plant has been inspected by that competent person, and that the plant is safe to operate; and
- b) the information referred to in regulation 4.30(1)(c) for the individual item of plant is at the workplace.

QUESTION 1

Indicate whether or not the item of plant described in SECTION 2.1 has been inspected and is safe to operate.

If your answer is NO, then when your application is received, a WorkSafe Officer may contact you to assess your application in more detail.

QUESTION 2

Indicate whether or not the information referred to in Regulation 4.30(1)(c) for the item of plant is at the workplace.

This is information relating to installation, commissioning, operation, maintenance, cleaning, transport, storage and (where plant is capable of being dismantled) dismantling of the plant.

If your answer is NO, then when your application is received, a WorkSafe Officer may contact you to assess your application in more detail.

WorkSafe Western Australia

9 ADDITIONAL PLANT DETAILS

Each different kind of plant has a number of specific details, which should be included in the application form. Refer to the following list of additional details for your kind of plant. Include the description from the list plus the values in the corresponding numbered space of the application form.

EXAMPLE:	
SECTION 2.1	
Mobile Crane	
SECTION 9	
1) Rated capacity 20 t	2) Maximum boom length 25 m

Additional details for each kind of plant

Amusement Structures

1. Class of device (2, 3, 4, 5)
2. Number of persons
3. Maximum person speed (m/s)
4. Kilowatt rating (kW)

Boilers

1. Hazard level (A, B, C)
2. Class (1, 2, 3)
3. Volume (m³)
4. Design pressure (kPa)
5. Design temperature (degrees C)
6. Power output (kW)

Building Maintenance Units

1. Type (A, B, C)
2. Rated load (kg)
3. Maximum suspension height (m)

Lifts

1. Number of persons
2. Rated load (kg)
3. Travel distance (m)
4. Number of levels served

Escalators and Moving Walks

1. Rated capacity (persons per hour)
2. Travel length (m)
3. Incline angle (degrees)

Mobile Cranes

1. Rated capacity (t)
2. Maximum boom length (m)

Pressure Vessels

1. Hazard level (A, B, C)
2. Class (1, 2A, 2B, 3)
3. Volume (m³)
4. Design pressure (kPa)
5. Design temperature (degrees C)

Tower Cranes

1. Rated capacity (t)
2. Maximum boom length (m)
3. Maximum height under hook (m)

Truck-mounted concrete placing unit with boom

1. Maximum boom length (m)
2. Maximum pump capacity (m³ per hour)
