

## Should there be a change to how often rent can be increased? Should rent increases be capped?

### Possible options

- Limit rent increases to every 12 months or more.
- Cap rent increases in selected zones.
- Cap rent increases on all rentals.

### Tell us what you think...

- Is 12 months a fair interval between rent increases or should it be more or less than this?
- Should there be a limit placed on how much rent can be increased each time? If so, should this be all rentals or only rentals in certain parts of the State?
- If a limit on the amount of any rent increase was introduced, what should the limit be?
